

## beyond auteurism new directions in authorial film practices in france

beyond auteurism new directions in pdf - The references of auteur theory are occasionally applied to musicians, musical performers and music producers. From the 1960s, Phil Spector is considered the first auteur among producers of popular music. Author Matthew Bannister named him the first "star" producer. Journalist Richard Williams wrote: "Spector created a new concept: the producer as overall director of the creative process, from ...
