Simulation ... - Nursing assessment is the gathering of information about a patient's physiological, psychological, sociological, and spiritual status by a licensed Registered Nurse. Nursing assessment is the first step in the nursing process. A section of the nursing assessment may be delegated to certified nurses aides. Vitals and EKG's may be delegated to certified nurses aides or nursing techs. Thu, 27 Dec 2018 12:23:00 GMT Nursing assessment - Wikipedia - BACKGROUND. Evidence-based practice (EBP) is a life-long problem-solving approach to the delivery of health care that integrates the best evidence from well-designed studies (i.e., external evidence) and integrates it with a patient's preferences and values and a clinician's expertise, which includes internal evidence gathered from patient data.
